Subject: FW: Wolverine Team Update

Hi everyone –

I just wanted to share two developments regarding internal Wolverine team changes. First - now that R5's role in this effort is more clearly defined, future team meetings will be reduced to a smaller group in order to focus on technical and program-specific tasks. The core team members will include the following staff*.

- **Water Division** – Heather Shoven, Kim Harris, Jenny Wilson
- **Superfund Division** – Jeff Kimble
- **Regional Counsel** – Jacquie Clark, Tom Williams, Gillian Asque
- **Public Affairs** – Allison Lippert
- **ATSDR** – Mark Johnson (* ARD – Erin Newman on standby for air deposition discussions)

Also, I am happy to report that Heather Shoven, with the WD-GWDWB, will be the Wolverine project lead. Many of you may already have had the pleasure of working with her on Flint activities since she was the Flint Enforcement Order contact and team leader. As described in Chris's message below, Heather will be serving as the Wolverine project lead, coordinating with Superfund, and acting as the key staff level point of contact with MDEQ's staff. We are truly fortunate to have her leadership, skills, and experience on this team!

Thanks,
Kim

Subject: Wolverine Team Update:

Hello Wolverine Team:

I'm pleased to advise you that Heather Shoven will be joining the Region's Wolverine team serving as 1) project lead; and 2) R5's key staff level point of contact with Abby Hendershot, MDEQ's key staff level point of contact. Heather will be responsible for facilitating the team's internal discussions and taking point on our communications with MDEQ on technical issues, especially with respect to drinking water and PFAS issues. Heather will also take the lead in coordinating with the Superfund Division.

Please give Heather all the support you can as she takes on this challenging assignment.

Also, I understand the size and make-up of the team may be shrinking somewhat as this matter turns into more of a normal enforcement matter. We'll keep everybody posted.

Finally, please share this with appropriate team members from your divisions. I know I have not captured everyone.

Thanks.

Chris

Chris Korleski
